Your eAWB Data Capture by Lufthansa Cargo

The **electronic air waybill (eAWB)** is the **worldwide standard** for paperless data transmission and entirely replaces the paper air waybill. For customers without own IT solution, LH Cargo provides a **no-cost, web-based solution** to capture and transmit all AWB and HAWB data.

Your eAWB Data Capture benefits

- **Simple**, electronic data capture; online, without need for additional tools
- Workflow based walkthrough with **validations** for data input
- Option to store **templates** of preferred business partners
- AWB capture **quality** following IATA guidelines
- Easy data **update** of existing AWB or HAWB
- Option to **complete** entered **data** directly from a booking
